

# Crabbing

This crab area is just north of the old oil docks pier in Mukilteo. Crab here in 40-100 feet of water. The good crabbing extends along this beach all the way to Everett. There is a boat launch at the City Park in Mukilteo. This launch is good for boats less than 18 feet. If the weather is windy, don't launch here.

Boat Launch

**CABLE AND PIPE**  
See the larger scale chart for cable and pipeline area limits of this chart.

**NOTE**  
Mariners are cautioned that ferries may deviate from their scheduled routes due to inclement weather, traffic hazards or other emergency conditions.
