

Rigging Herring w/ Holders

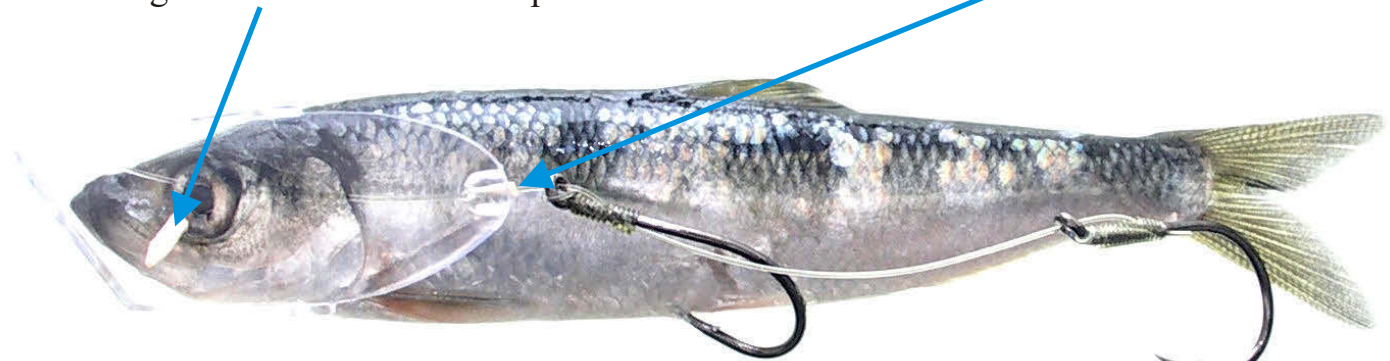

Materials

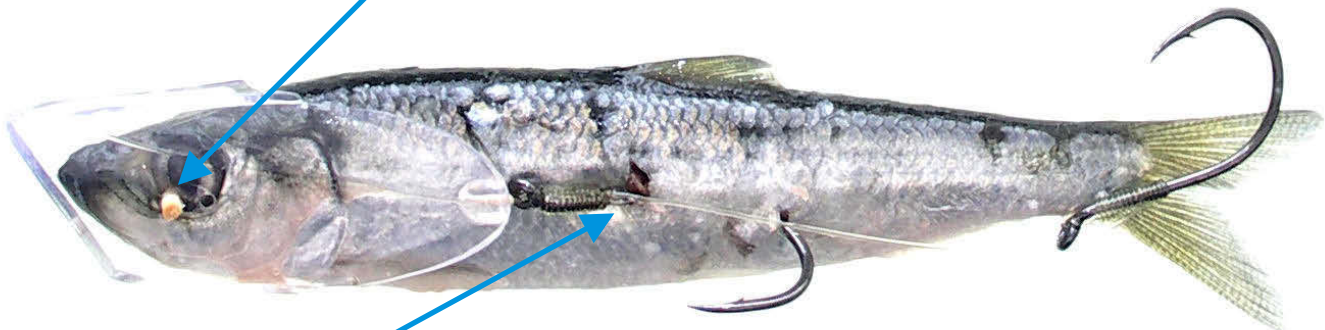

Rhys Davis Super Herring Holder Army Truck
Rhys Davis Super Herring Holder Clear/UV
30lb Maxima Ultra Green Leader Material
4/0 Black Gamakatsu Hooks
Round Toothpicks

Stick toothpick in this hole to tighten-up leader. Break toothpick off flush with the holder

Pin Herring to holder w/round toothpick

Snip toothpick off on both sides w/scissors

Insert forward hook into the Herring. Notice how close to the eye of the hook is to the Herring

Fish Herring w/holder 60" behind a flasher. If you are going to use the herring without a flasher, tie the leader 6'-9' behind a rudder.
